Profile	I am a current second year Software Engineering student at UNSW who loves to code.	
Education	Bachelor of Engineering (Software Engineering), UNSW	2015-current
	Bachelor of Economics, University of Sydney	2013-2014
Experience	Developer, ThoughtWorks LevelUp Build Program, Sydney	2016-current
	Working as part of a team of business analysts, UX designers and other developers to build and deliver a Backbone.js watch application utilising Agile principles, TDD and Continuous Integration as part of the LevelUp Build program run by ThoughtWorks.	
Personal Projects	Personal website ( <a href="http://clintonhadinata.me">clintonhadinata.me</a> )	2016
	Built a personal site with HTML, CSS & JavaScript to showcase my personal projects and to make my contact details accessible.	
Employment	Assistant Manager, Eastwood Centre Newsagency	2014-current
	Manage the day trading operations of a local newsagents. Responsibilities include overseeing other staff members, managing inventory, training new staff, providing customer service, handling customer and staff disputes, meeting sales targets, handling cash takings and banking.	
	Supervisor & Team Member, Target Rhodes	2012-2015
	Supervised and was responsible for other team members in ensuring the smooth running of a Target department store. Handled customer and staff disputes, trained new staff members, and worked with managers to meet sales and other targets.	
	Team Member, KFC Carlingford Court	2012-2015
	Worked with other team members in a fast-paced environment to meet customer demand and provide customer service whilst maintaining a clean and safe work environment.	
Extracurricular	Envoy Volunteer, 19th Biennale of Sydney	2014
	Oversaw artists' works and worked with organisers to enhance visitor viewing experience at Sydney's biennial contemporary art festival. Engaged with visitors and facilitated dialogues on the artists, their works, and the exhibition itself.	
	Student Representative Council Member, Carlingford High School	2011-2012
	Elected to represent fellow students, voicing concerns and ideas. Worked with other students, staff, teachers and the school P&C to organise and coordinate sporting, cultural and fundraising events.	
Languages/ Technologies	Proficient in C and Java. Experienced with Python, Perl and shell scripting, and HTML/CSS/JavaScript. Comfortable with Linux, shell and Git.	
Referees	Available on request.
